

Benefits of Referring to Advantage Physical Therapy

Our goal is to provide your patients with quality, personable care that is both convenient and accessible. We accomplish this by maintaining a caring staff, by being open for extended hours and by providing financial assistance to patients experiencing financial hardship. Some benefits of referring to Advantage Physical Therapy include:

1. QUALITY OF CARE

- Your patients will receive one-on-one treatment by a licensed therapist.
- Our therapists have at least 6 years of treatment experience.
